SUMMARY

BCA graduate with hands-on experience in Full Stack Development and AI-powered applications. Skilled in Python, Java, MySQL, Power BI, and Data Analytics. Strong problem-solving abilities with a passion for software development and building innovative solutions.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Framework & Libraries:** Django, TensorFlow, Keras, Librosa, Numpy, Matplotlib, Seaborn
- **Database:** MySQL
- **Other Tools:** Power BI, MS Excel, Git, GitHub

WORK EXPERIENCE

MEVI Technologies LLP, Bengaluru

Jan 2026 - Feb 2026

AI-Powered Full Stack Development Intern

- Developed and maintained web applications using frontend and backend technologies.
- Integrated AI-powered functionalities such as automation and data analysis.
- Participated in real-time project development, testing, debugging, and deployment.
- Strengthened coding, collaboration, and problem-solving skills through practical experience.

EDUCATION

Bachelors of Computer Applications (BCA)

CGPA: 8.63 | (2023 - 2026)

Sri Jagadguru Renukacharya college of Science, Arts and Commerce

PROJECTS

Music Genre Classifier Using Deep Learning

Technologies: Django, Python, MySQL, TensorFlow, Keras, Librosa, Numpy, Matplotlib, Seaborn

- Developed a deep learning-based application to classify music into multiple genres.
- Performed audio feature extraction, preprocessing, and model training.
- Evaluated model performance using machine learning metrics to improve prediction accuracy.
- Gained practical experience in data preprocessing and neural network implementation.

CERTIFICATIONS

- Java Programming Certification - BALC (2023)
- Executive Presentation Skills - TCS (2024)
- Mobile Virtual Reality and Artificial Intelligence - NPTEL (2025)
